Description:

Not only in garden design we find ornamental grasses as important design elements. Due to their bushy growth form, targeted floral accents can also be set in your premises. In doing so, the perennial ornamental grass comes into its own best when you can see its distinctive growth form as a whole.

The artificial feather bristle grass from Europalms has a handsome tight and upright growth. Its dense head of leaves made of PE already falls into shape by itself when set up, and no awkward plucking is necessary.

The artificial plant is delivered already potted in a decorative metal pot in shabby look and can therefore be used immediately. In no time at all, you can create a cozy, familiar atmosphere.

Features:

- Dense foliage
- The article is delivered Ready to stand
- With light greencolored lifelike leaves
